Dear Ahmed:

I am pleased to inform you that you were selected to participate in the Mentored Teaching Fellowship (MTF) Program sponsored by NC State's College of Engineering for the Fall 2025 semester. Dr. Ali Cafer Gurbuz will serve as your mentor for providing teaching assistance for ECE 301- Linear Systems.

the semester from the College of Engineering. You will need to meet with your faculty mentor at least once a week to discuss your progress.

As a Mentored Teaching fellow, you and the professor are expected to submit a joint paper, in which you summarize your activities and make recommendations on ways to enhance the MTF program (one page). Congratulations on being selected to participate in the MTF Program. I trust that you will find this to be a rewarding, educational, and professional experience.

Sincerely,

Robyn Fillinger
Manager of Graduate Programs and Student Services
